

Cute Snowmen out of handcreams  
Thanks to Terrie Allen!

These are just so cute and simple...  
Snowmen template you print out on regular white paper and tape to handcream.  
Add a pair of black gloves for his hat, one glove inside the other.

Fold over fingers and then tie a piece of wide ribbon around to hold.  
Print the Let it Snow on card stock, cut, tape the let it snow sign to a toothpick and insert in the glove/ribbon!  
Add a small label of which handcream at the bottom of handcream (Vanilla Berry and Vanilla Mint).

This was an idea shared by Dir Anna Semplesat. Thank you for sharing!

Use gloves with hand cream  
Use socks with Hydrating lotion or Energizing Foot and Leg and a rubber band around the end to look like a stocking cap.
