the

**TIMESWISE FIRMING EYE CREAM**

It's one product with multiple benefits...take a  
look After 12 weeks of use:

**100%** saw a visible reduction in  
Roughness/dryness around the eyes.

**96%** saw improvement in the  
overall appearance of the skin  
around the eye.

**Up to 75%** reported improved silkiness  
of the skin around the eye.

circles under the eye.

**Up to 25%** reported firmer skin around  
the eye.

**Timewise Firming  
Eye Cream**

As the skin ages it loses moisture becoming  
dry and porous. This new cream has the com-  
bined power of a collagen-enhancing peptide  
duo that works to build and restore the sup-  
porting structure to revitalize the cells for  
firmer skin. It also contains soothing botani-  
cal extracts and brightening agents that are  
employed to condition and prepare the skin  
for moisturization resulting in a more even  
skin tone.
