

MICRODERMABRASION
HAS ARRIVED!!!

MARY KAY®

TimeWise®
Microdermabrasion Set

Immediately fight fine lines, refine pores and achieve beautifully smooth skin with the two-step TimeWise® Microdermabrasion Set. This super exfoliating system contains the same professional-grade alumina oxide crystals used by dermatologists. These microfine crystals polish and gently remove the upper, dead layer of dull and lifeless skin cells to immediately energize skin and reveal more radiant, healthy-looking skin. This process immediately improves skin's smoothness and clarity and leaves it feeling firm and softer.

Until now, this procedure was only available in your Dermatologist's Office. Now you can have younger looking skin with our fabulous NEW at-home treatment.
