MY STORY

For 9 days now I have applied Mary Kay's new **TIMEWISE REPLENISHING SERUM+C ONLY** to the right side of my face. Can you see the results? I have been asked by many, "What have you done to your face?" When I share my story and they see the **FABULOUS** results, they buy a set. I have sold a total of 14 sets in the 9 days. Six are brand new customers starting on Mary Kay because of the results I have had on my face. Please feel free to share my story and picture with everyone you know. I feel this fantastic product will lift not only their face but also their spirits.

You know me! When the new Serum + C showed up, I said, we just have to try it for a month on one arm.... Gladys held up 2 fingers and let us know it would only take 2 weeks! She was RIGHT...14 days later (Aug 30,2009) the picture shows the improvement!!!

Before photo of Gladys Newman's arm taken by Lynne August 16, 2009 The spots had been there for over 6 months!

After photo taken by Lynne August 30, 2009...in 2 weeks, the spots are fading!

Mary Kay Independent Beauty Consultant:

Make SURE you read this...

Our Executive Sr National Sales Director Karlee Isaenhardt told us that she could begin to see and feel results in about 2 weeks. I of course, am using and selling the Serum + C like crazy, and THEN found out:

Neiman Marcus sell the system SISLEYA EL-EXIR for \$535 a set. You use it up in one month, so it comes to \$6420 not including tax!

Mary Kay's Serum + C system is \$55 + tax.

You use 3 squirts of both systems morning and night after cleansing and before moisturizing.

I am thrilled to offer these products to you, after all...
