

Suggestions on How to Pack Your Starter Kit Bag...

It's the Start of Something Beautiful!

Here's how!

With a sturdy, stylish, and redesigned look, your Starter Kit Bag conveniently holds everything you may need for a successful party. Keep it handy so that you'll be ready to grab it and go to your Mary Kay® parties! Also, you may want to buy extra Caddies to have ready for the theme of the party being hosted, such as one for color parties, one for spa parties, etc. so you can easily change them out when you're on the go.
