

When it comes to younger-looking skin, what do women want in addition to reducing fine lines and wrinkles? They want more even skin tone, dark spots minimized and skin discoloration to be reversed.

Using our patent-pending Lucentrix complex, TimeWise Even Complexions Essence is clinically shown to restore skin's natural, even tone by helping reduce visible dark spots and reverse skin discoloration as part of a comprehensive anti-aging program.

12 Week Clinical Study

84% of panelists experienced more even skin tone
