This set can be used 2-3 times a week and is designed to work directly with the Time Wise Miracle Set (3-1 Cleanser, Age-Fighting Moisturizer, Day/Night Solutions, and Foundation).

Comments from V.P. Research & Development Terry Jacks

Our TW Miracle set sets the stage for the microderm products to be IMMEDIATELY EFFECTIVE!

Q: What makes the new set unique?

A: Immediate results! Reduces fine lines, smoothes skin, refines pores. This is a process that you could only get at a dermatologist's office. We've seen the highest results EVER on any product tested because you don't have to wait 2 or 4 weeks... IT IS IMMEDIATE! It works with all skin types including sensitive skin! You control the amount of refining you desire by how long and how much pressure you apply as you massage it into your skin!

Q: What is it made of?

A: Step 1- Refine is made of Aluminum Oxide crystals (exactly like what dermatologists use)
Step 2- Replenish is a serum that nourishes with vitamins, anti-oxidants, and anti-irritants

Q: How often can I use this product?

A: 1, 2, or 3 times per week!

Q: What is the order of application?

A: TW cleanser, Refine, Replenish, Day/Night Solution, TW moisturizer, extra hydration moisturizer, TW eye cream. Because this is a moisture-sequestering product, stress using both the TW moisturizer and extra hydrator!

Extra points:

Cost in a dermatology office- \$500-\$600 for a set of 5 treatments is usually how this service is sold! Ours sells for \$55 for the set, you don't have to go anywhere or schedule the appointment, and you get multiple use out of our pink magic jars!!!

Step 2- replenish is UNIQUE in that NO OTHER COSMETIC line on the market has this step! It follows the 3 S's: Smoothes, Soothes, and Softens after the treatment of Step 1!
