

# Thank YOU

Thank you for coming for your Mary Kay facial! You now have your very own private beauty consultant....ME. You can always try before you buy, enjoy a 100% satisfaction guarantee, and have your products delivered to your home or office. I also keep a file on you so you don't have to worry about what you use or what color it is. I will send you a fun catalog each quarter called The Look, filled with all the latest products---your favorites--and samplers too! No more buying five moisturizers or mascaras to find a decent one. When you learn about a product you simply must have, just call me and I'll tell you which product is best for your skin type, and in which order to apply it. When you want free products, I have a great hostess plan! I enjoyed our time together, and I look forward to meeting your friends! Thank you times ten!
